

HOW TO USE THE DETACHABLE POLE

INSTALLATION

Step 1

Insert the hanging pole into the AlvaForm. The pin placement needs to be aligned with the groove.

Step 2

Push the detachable pole downwards.

Step 3

Turn the pole counter-clockwise, and the pole should push slightly upwards to lock.

REMOVAL

Step 1

Push down the detachable pole and turn clockwise.

Step 2

The pole will release.

ROTATION

Step 1

After loosening the the knob on the full form stand, the Alvaform can be rotated left or right.

Step 2

After turning the AlvaForm to the desired position, tighten the knob to lock the AlvaForm from moving.
